2023 Carbon Removal Credits

21,778 Credits Delivered

These carbon removal credits were created as a result of Running Tide's 2023 Icelandic Pilot Project. Learn more about this project by reading the 2023 Research Program Progress Report found here: [Running Tide Iceland Research Program Progress Report - 2023](#)

ⓘ 1 Tonne CO₂e Removed = 1 Carbon Removal Credit

Ensuring Quality

Each tonne removed has gone through a rigorous quantification process. Read more about it here: [space](#)

Running Tide is working towards conformance with the [Reykjavik Protocol](#). We have a responsibility to set the bar for action and follow the leading requirements for effective credit generation. See the following links for an overview of how Running Tide approaches [Quantification](#) and [Governance](#).
